KhE...[1] has all the documents and will leave this week or in the middle of next week. He is being held up by the railway ticket. LEWITT[11], who is taking DAK's[111] place, has written to FERGUSON[1v] in the COUNTRYSIDE [DEREVNYA][v] [C] about the plan for Mike CORT's (KhE...'s cover-name among the POLECATS [KHOR'KI][vi]) departure. Information

seized by the Censorship and the data about CORT's departure has been passed on to KHATA[vii] so as not to permit [his][a] departure. [C] The Censorship has put KhE... onto the black list as an active POLECAT and [if][a] the KHATA establishes KhE...'s real name [it][a] will establish surveillance and undertake an investigation of him. The POLECATS have proposed to KhE... that he should take a film for the OLD WOMAN [STARUKHA][viii] of the unpublished biography of Comrade STALIN written by the OLD MAN [STARIK][ix]. Bearing in mind the possibility of a thorough search of [his][a] possessions at the frontier to discover illegal documents of the POLECATS, we consider that KhE... should carry the film openly as the discovery of the film might give an excuse for detaining him and also possibly for ~~He does not wish to~~ ~~arresting him. [B] He does not want any procrastination over his departure as this will be suspicious to~~ the staff of the POLECATS.

the film

KhE... may be under external surveillance [NARUZHKA] in the COUNTRYSIDE. Should we therefore come to an arrangement for a password for a meeting with our man? KhE...'s mother has given him 150 dollars. We consider that he needs to be given on account 250-300 dollars, which will be accounted for under TYRE's[x] account. KhE... has been warned about observing the maximum degree of caution in meeting our liaison man [SVYAZNIK] ADAM[xi]. ~~There~~ ~~just is no meeting with STANISLAV[xii].~~ ~~Send your~~ ~~instructions on the above questions by priority telegram.~~ ~~As yet there is no~~
